1. Receipt is acknowledged of the response filed August 08, 2006, which includes the arguments and a terminal disclaimer.
2. Claims 1-19 are pending in this application.
3. The terminal disclaimer has been approved on August 24, 2006.
4. The rejection of Claims 1-11 which was provisionally rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims of copending Application No. 10/719,988 has been withdrawn in view of the approval of the terminal disclaimer.

The rejection of Claims 1-8 are rejected under 35 U.S.C. 103(a) as being unpatentable over Bertram et al US 20030224407 has been withdrawn in view of the persuasive arguments.

5. A rejection based on double patenting of the "same invention" type finds its support in the language of 35 U.S.C. 101 which states that "whoever invents or discovers any new and useful process ... may obtain a patent therefor..." (Emphasis added). Thus, the term "same invention," in this context, means an invention drawn to identical subject matter. See *Miller v. Eagle Mfg. Co.*, 151 U.S. 186 (1894); *In re Ockert*, 245 F.2d 467, 114 USPQ 330 (CCPA 1957); and *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970).

A statutory type (35 U.S.C. 101) double patenting rejection can be overcome by canceling or amending the conflicting claims so they are no longer coextensive in scope. The filing of a terminal disclaimer cannot overcome a double patenting rejection based upon 35 U.S.C. 101.

Art Unit: 1651

Claims 12-19 stand provisionally rejected under 35 U.S.C. 101 as claiming the same invention as that of claims 12-19 of copending Application No. 10/719,988. This is a provisional double patenting rejection since the conflicting claims have not in fact been patented.

6. Claims 1-11 are allowed based on the art of record.

7. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
